# Vitners Collection

*With over 150 shapes and styles to choose from, Zenan Custom Cresting has the glass that's right for you!*

*Choose from a large range of stemware, carafes, decanters, barware, ice buckets, bowls, peppermills and many other wine accessories.*

*As your glassware specialist Zenan Custom Cresting will assist in increasing your wine sales with fresh, innovative glassware ideas to promote your winery and your wines!*

---

## DECORATING OPTIONS

*As the leader in today's beverage market we proudly offer a multitude of decorating options for our clients. Select a unique option that works for you and your brand.*

### 1. ENGRAVING

*Create beautiful customized and personalized designs, messages and monograms on glass, whether curved or flat surfaces. We use precision engraving machinery for consistent quality by using advanced techniques for light or deep engraving to get the right translucent effect with a classy look.*

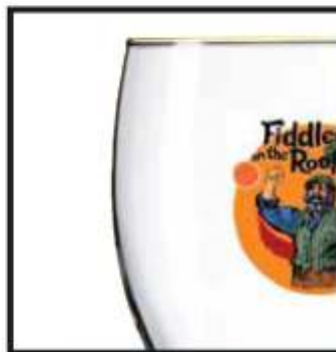

### 3. PRECIOUS METAL BANDING

*For a premium European look, choose rim banding. We use only pure platinum or 24K gold to band all of our glassware.*

### 2. BASE/FOOT PRINTING

*This specialty printing done on the base or foot of the glassware will provide you with a subtle unique option.*

### 4. ONE COLOUR TO MULTI COLOUR SCREEN PRINTING

*Select a satin etch for a subtle and economical option or opt for a full colour reproduction of your brand. Either way our workmanship and quality is always top notch and true to your brand.*

*Customized  
Cresting*

*Kwarx has the best transparency the world has ever seen. An exceptional decolourisation effect. It does not modify the colour of the content, but gives way so that each wine's chromatic range can find full expression.*

*Kwarx retains its exceptional lustre wash after wash. An extraordinary lustre that has been tested in more than 2,000 industrial washes.*

*Kwarx is incredibly resistant to daily wear and tear. One of the most resistant glass products on the market.*

200-00-02 12.5 oz.

The art of glass manufacture and its refinement has been cultivated and developed in the Lausitz region of Germany for over 500 years. In 1835 Carl Stölzle founded two glass factories that form a glass-making tradition that continues today as the Stölzle-Oberglas GmbH. Through the 1950s the renowned glass designer Wilhelm Wagenfeld creates new directions for Stölzle with his radical new shapes. These shapes are part of today's modern classical designs.

Stölzle is ISO 9001 certified and all products bear the Austrian Quality Mark.
